CANVAS
Images are printed on an 8" x 10" premier art canvas and professionally wrapped around a 1.5" thick wooden stretcher frame. This canvas gallery wrap arrives as a finished product ready to hang.

ALUMINUM ART
Using a dye-sublimation process, the inks are infused directly into the specially coated Chromaluxe aluminum sheets, using high temperature and pressure. The result is a vibrant color, durable prints without glass, waterproof imaging solution.

COLLAGE
Professional quality collage with multiple images printed on premium digital photographic paper. You can select cropping and other options after adding photos to the Cart.
